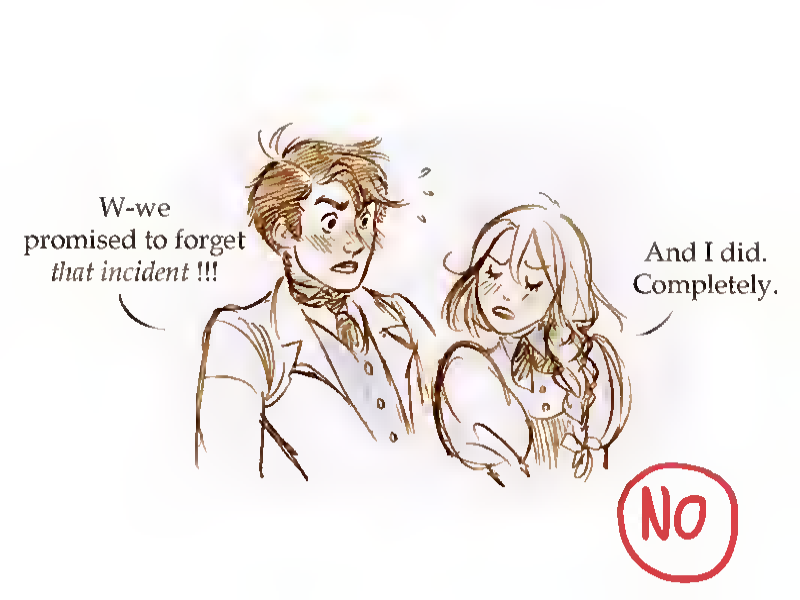
(terribly!) IMPORTANT NOTICE

Remember that this was NOT a chapter but an introduction. That means that these events haven't happened yet.

Last time we went to a place like that...
Nope

Not happened yet!!



W-we promised to forget *that incident* !!!
And I did. Completely.
NO

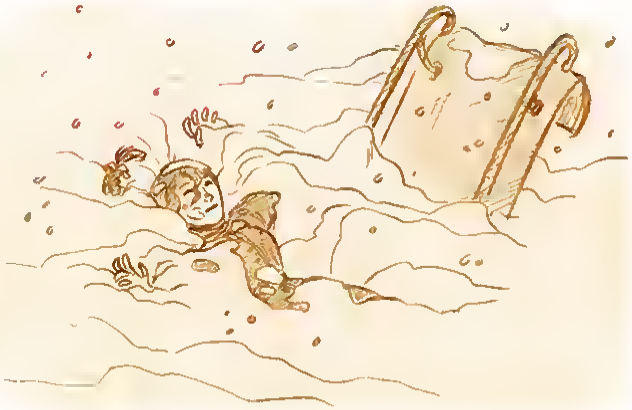
THIS is what has happened so far:

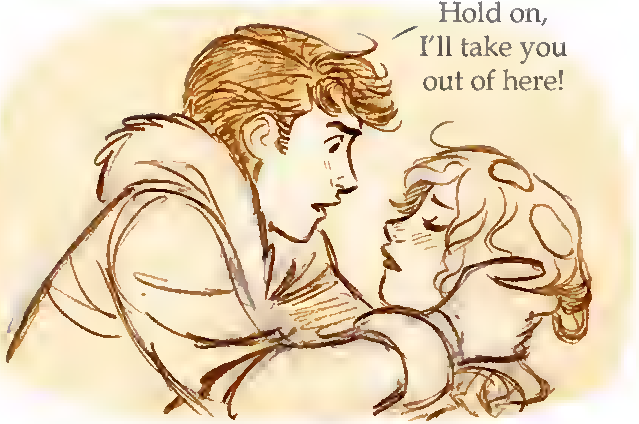
Yes

And this:

Damn!
Saying the most
embarrassing things
is another talent
of yours!

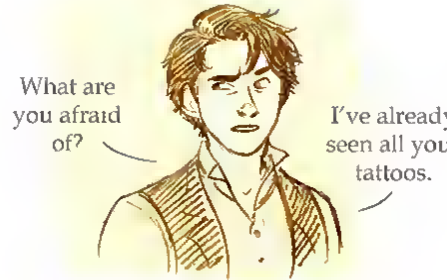
Also this:



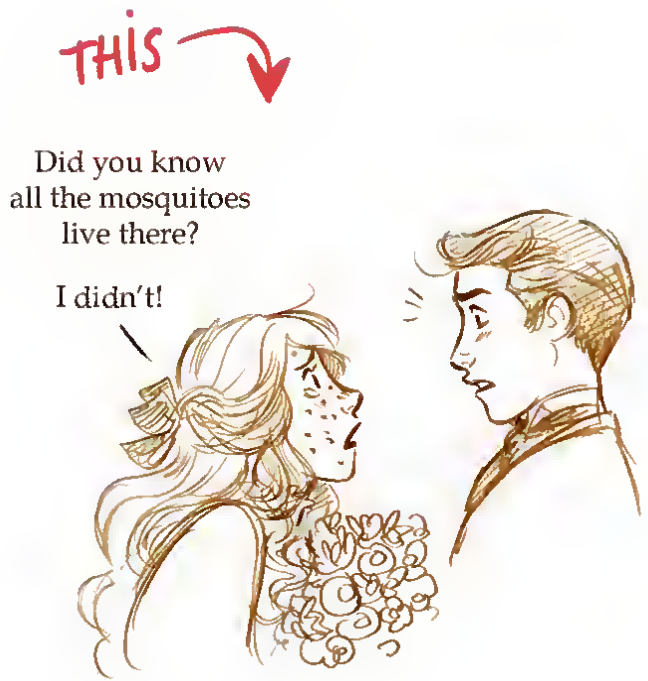


Hold on,
I'll take you
out of here!

I promise, doctor. I don't know how you found me, but...
... thank you very much.



What are you afraid of?
I've already seen all your tattoos.



THIS
Did you know all the mosquitoes live there?
I didn't!

Don't be silly.
Just show them one of
your *breathtaking* smiles
and they'll forget
the rest.

I mean...
T-to win... the best way is...

This
Wow! Don't look at your patients like that or you'll be married before the year ends!

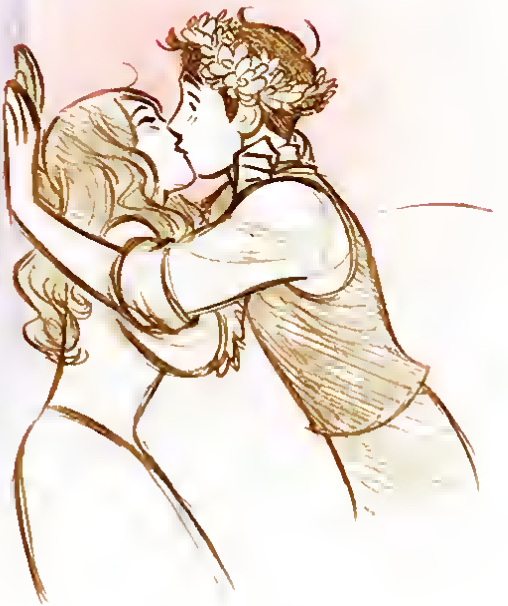
Damn! There is nobody else who gets to embarrass me the way you do.

Bah, you stopped smiling. Could you step back?
If someone sees you they may think that you are trying to do something... inappropriate.

Everybody knows that I'd never do such a thing.
Because you are dull?
Because I am a gentleman.

On the contrary they expect *anything* from me, right?
I certainly do.

This definitely happened



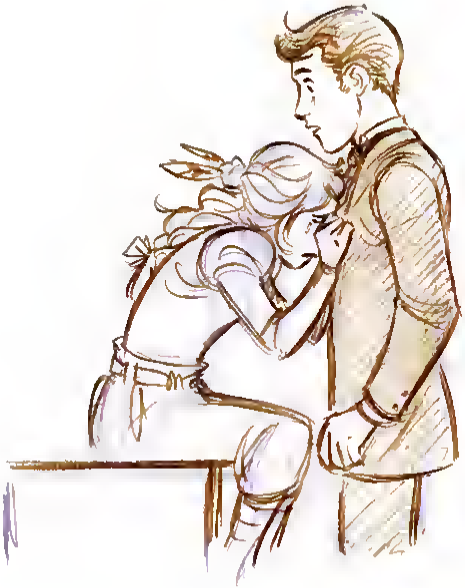
Also this:

Ah, wait!
Is it...
... for the kiss you *stole* from me?

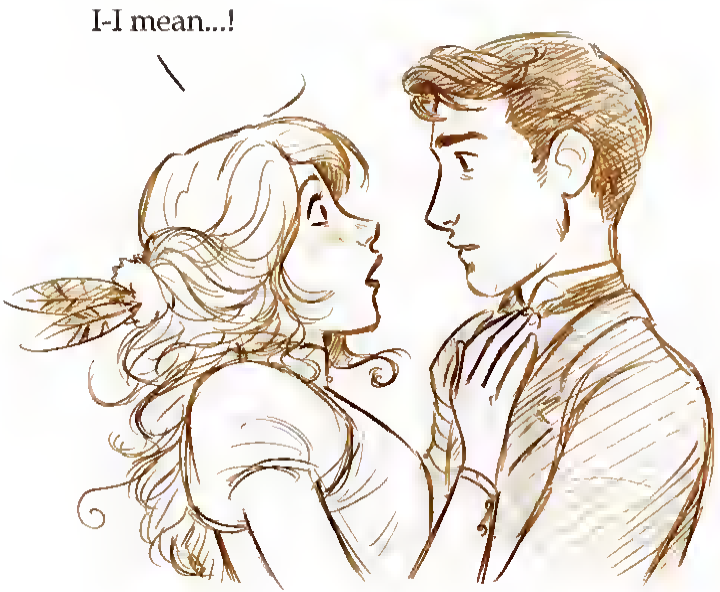
Surprisingly you dance very well!
What kind of school do you think I attended?
A gentleman must dance properly.

Anyhow restrain yourself, please.
Don't try to kiss me by surprise... *again*.

Remember this?



Do you feel better now?
Oh, yes. Much, much better.
I could fall asleep just like this.

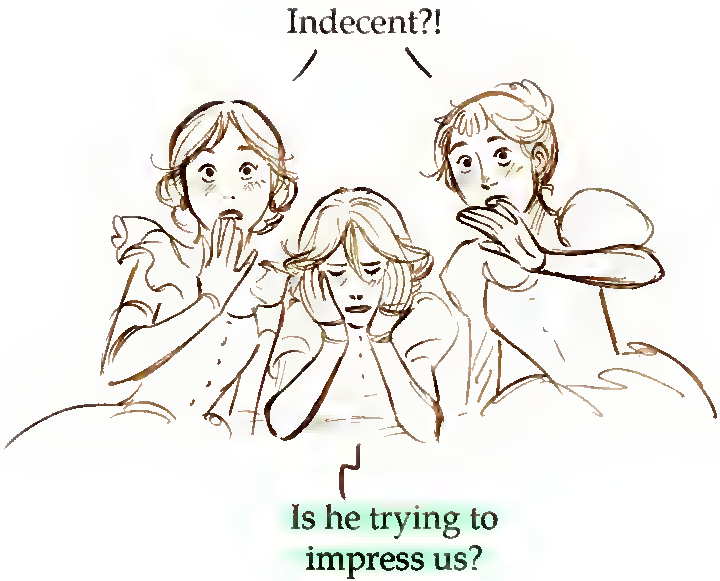


I-I mean...!

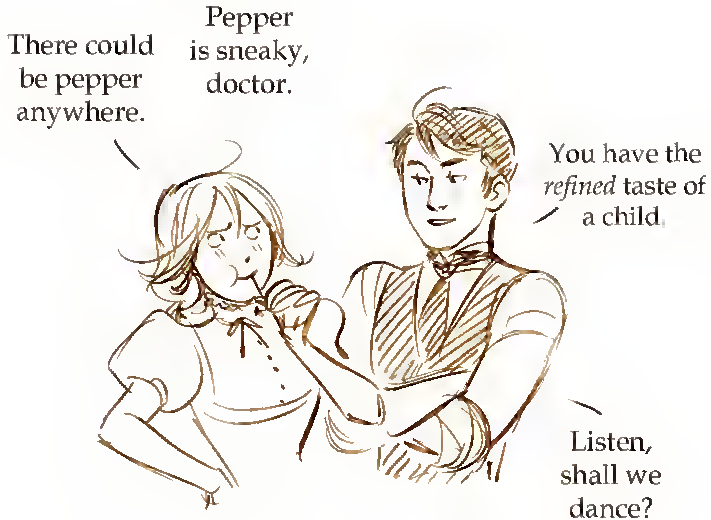
And finally...

What's with that relaxed look? He's showing off!

Don't you think that's a little... *indecent*?



Indecent?!
Is he trying to impress us?



Now you're ready to see the rest. Hope you like it!
